Attention: Cale Vela

Subject ; New Braunfels Outer Loop

Ref our conversation on 03 April 2008 Regarding a minor change to the East side of I 35 Proposed Route

Dear Ms Vela ; I will draw a crude map of the area that I would like to see the route adjusted approximately 3000 feet to the East. This will save 5 barns ,one new house approx. 2 years old and reduce the number of land owners that would be involved. The new location has no homes that would be in the R.O.W, it is mostly brush and pasture. The home that it would save is located at 1745 Schwarzlose Rd. and is owned by Mr. And Mrs. Rudy Saucedo. Further request that the outer loop go on the north-east side of the landfill in lieu of the south-west side of the land fill if possible.

Thank you ~~map~~
Sincerely,
James and Bea Langford
