2nd outer loop meeting tonight

By [David Saleh Rauf](#)

The Herald-Zeitung

Published June 27, 2007

The second public meeting for the New Braunfels Outer Loop Study will take place at 6 p.m. at Hoffmann Lane Elementary School.

The first meeting, which primarily focused on the east side of Interstate 35, attracted nearly 300 residents from Comal and Guadalupe counties.

Wednesday's meeting will focus primarily on the possible construction of the project on the west side of I-35, although booths and information about the project on the east side of I-35 will available, too.

The outer loop study area is a proposed 40-mile band around the city that could take up to 30 years to build. The project is currently unfunded. The outer loop could require at least two new crossings over the Guadalupe River and could connect to I-35 on New Braunfels far north and south sides.

Today's meeting will consist of an open house from 6 to 6:30 p.m., a study overview presentation from 6:30 to 7 p.m., small group discussions from 7 to 7:45 p.m., and small group reports from 7:45 to 8 p.m., followed by a question and answer session from 8 to 8:30 p.m. Hoffmann Lane Elementary is located at 4600 Farm-to-Market 306.
