

Index of Materials for February 15, 2010 Task Force Meeting

Document	Context for It	Preparing for Meeting
Agenda for February 15, 2010 (Items IV and V on the agenda)	Indicates desired results and items for consideration	Review for understanding what will be done at the meeting
Screening Process and Sequence of Events handout	Indicates the timeline of events for the New Braunfels Outer Loop Study to provide a general overview of the process.	For your review before the meeting. (This information was provided before the December meeting.)
Small Group Worksheet for Screening Process Recommendations (Item IX on the agenda)	To be used in the small groups to develop recommendations for the screening process.	Review before meeting and use during the small group work.
List of Recommendations (Item XI on the agenda)	The list of recommendations previously developed for the public involvement, need and purpose, constraints and facility type. The screening process recommendations will be added to this list and ranked.	Review the list to see which of these are priority items for you. (The screening process recommendations will be added to this list before the items are ranked.)
Answers to questions from meetings 9 and 10.	These are responses to questions that were asked by the Task Force members and public on the comment cards and meeting evaluation sheets from the December and January meetings.	For your review and information.
