**Comments:**

- Appreciated presentation by Mr. Smith, Mr. Hornseth, and Ms. Mattingly.

Yes, the topics are important but sooner or later the task force is going to have to finalize decisions. We are not making much progress.

- We can not stop growth
- Continual negative comments by attendees are making it difficult to concentrate on the task at hand.

I am sorry for his bad experiences, but we need to move forward

- We're still taking up too much time on housekeeping – Let's just settle everything so we can get to the heart of the work.

Keep public comments to the time allotted – especially since deciding to allow at the beginning and end of meetings so that we're using the bulk of our time effectively

- There are numerous TF members who insist on steering the discussions off-point. Valuable time is wasted restating and rehashing the same issues. Not enough time to review and discuss listed agenda items. I am interested in reviewing the data on the CD provided to the TF members.
